

## Species *Spongiicolonus versatilis*<sup>Ts</sup>

---

### Etymology

[ver.sa.ti'lis] L. masc. adj. *versatilis*, versatile

### Nomenclatural type

[NCBI Assembly: GCA\\_028286165.1](#)<sup>Ts</sup>

### Description

A sponge symbiont with a versatile metabolism

### Classification

*Bacteria* » *Pseudomonadota* » *Gammaproteobacteria* » *Arenicellales* » *Spongiicolonaceae* » *Spongiicolonus* » *Spongiicolonus versatilis*<sup>Ts</sup>

### References
