

## Species *Crinalium epipsammum*<sup>T</sup>

---

### Etymology

*epipsammum*

### Nomenclatural type

Strain: ATCC 49662 = SAG 22.89

### Classification

*Bacteria* » *Cyanobacteriota* » *Cyanophyceae* » *Gomontiellales* » *Gomontiellaceae* » *Crinalium* » *Crinalium epipsammum*<sup>T</sup>

### References

Effective publication: de Winder et al., 1990 [1]

Assigned taxonomically: de Winder et al., 1990 [1]

### Registry URL

<https://seqco.de/i:5860>
