

## Genus *Natranaerofaba*

---

### Etymology

*Natranaerofaba*

### Nomenclatural type

Species *Natranaerofaba carboxydovora*<sup>T</sup>

### Classification

*Bacteria* » *Bacillota* » *Clostridia* » *Natranaerobiales* » *Natranaerofabaceae* » *Natranaerofaba*

### References

Effective publication: Sorokin et al., 2021 [1]

### Registry URL

<https://seqco.de/i:28537>
