

## Family *Methanofollaceae*

---

### Etymology

*Methanofollaceae*

### Nomenclatural type

Genus *Methanofollis*

### Classification

*Archaea* » *Methanobacteriota* » “Methanomicrobia” » *Methanomicrobiales* » *Methanofollaceae*

### References

Effective publication: Chuvochina et al., 2023 [1]

### Registry URL

<https://seqco.de/i:41552>
